<u>Email</u>	wad@wad.net
<u>IKD Delegate</u>	Matthias Willenbrink (3 rd Vice President of WAD)

Description

WAD is one of the oldest international professional associations in the PI industry world wide. It was founded in 1925 in Chicago USA. In the past decades it developed to a truly international organization, with at about 1/3 of its members divided on North/South-America, Europe & Africa and Australia/Asia.

The association organizes two meetings per year, a Directors and Board Meeting (open to all members and guests) mostly in April/May and an AGM mostly in Aug/Sept. The AGM is consecutively organized in the three above mentioned regions, to offer all world wide members at least one time a year the chance to have an AGM in the vicinity.

WAD held extensive partnerships to national and international organizations, especially to IKD, ABI, NCISS and some others.

<u>Code of Ethics</u>	WAD has an extensive Code of Ethics, due to international standards
<u>Directory of Members</u>	see on web page www.wad.net
<u>Disqualification</u>	
<u>Disciplinary procedures</u>	WAD has Ethics and Grievance committee
